Peak Demand in Mega Watt (MW)

	July, 2007	April, 2007-July, 2007
Peak Demand	15127	18441
Peak Met	11242	12837
Shortage	3885	5604
Percentage	25.7	30.4

Power situation

844. DR. V. MAITREYAN: Will the Minister of POWER be pleased to state:

(a) the total demand of power in the country, State-wise;

(b) the total generation of power from Thermal, Hydro and Nuclear sources in the country, State-wise;

(c) the total generation of power by the private sector;

(d) the number of power projects which are in the pipeline in both the private and public sector, State-wise; and

(e) by when the demand and supply position of power would stabilize in the country?

THE MINISTER OF POWER (SHRl SUSHILKUMAR SHINDE): (a) The State-wise details of energy requirement and peak demand in the country during July, 2007 are given at Statement-I (See below).

(b) The State-wise details of generation of power in the Thermal, Hydro and Nuclear sources, during the current year (April-July'07) are given at Statement-II (See below).

(c) The total generation of power by the private sector (Utilities & IPPs) in the country during April-July, 2007 was around 21.4 Billion Units.

(d) Capacity addition of 78,577 MW comprising 39,865 MW in central sector, 27,952 MW in state sector and 10,760 MW in private sector has been envisaged during Eleventh Plan. Out of this, projects aggregating 50,910 MW are already under construction. Sector-wise list of the projects which are under construction and are envisaged to be completed during the Eleventh Plan is enclosed as Statement-III (See below).

(e) With the proposed capacity addition of 78,577 MW during the Eleventh Plan, the gap between demand and supply of power in the country as a whole is likely to be bridged.

Statement-I

State-wise Energy Requirement and Peak Demand during July, 2007

State/ Region	Energy Requirement (MU)	Peak Demand (MW)

	Meghalaya				
38	Myntdu/ MeSEB	State	2x42 = 84MW	84.00	2009-10
	Arunachal Pradesh				
39	Subansiri Lower/ NHPC	Central	8x250 = 2000 MW	2000.00	2011-12
40	Kameng/ NEEPCO	Central	4x 150 = 600 MW	600.00	2010-11

C. Nuclear Projects under Execution (As on 15.08.07) :

SL No.	Name of Scheme/ Executing Agency	Sector	i.e. (No. x MW)= Capacity	Capacity Under Exec. (MW)	Likely Commng.
	Rajasthan				
I.	Rajasthan Atomic Power Project NPCL Tamil Nadu	Central	2x220 = 440 MW	440	U#5-2007 U#6 -2008
2.	Kudankulam Nuclear Power Project/ NPCL	Central	2x 1000 = 2000 MW	2000	U#l - 2008 U#2 - 2009
3.	Prototype Fast Breeder Reactor (PFBR)/NPCL *Karnataka*	Central	1x500 = 500 MW	500	2011
4.	Kaiga Atomic Power Project/NPCL	Central	2x220 = 440 MW	220	U# 4 - 2008

* for both units

Tala transmission system

845. SHRI RAMDAS AGARWAL: Will the Minister of POWER be pleased to state:

(a) whether the Tala Transmission System a joint venture between the Power Grid Corporation of India Limited and Power Links Transmission Limited, the first Public-Private Partnership in Power Sector, was recently inaugurated by Prime Minister in North East;

(b) if so, the details of enhanced National Grid capacity with improved security, stability and reliability;

(c) the likely cost of this first capacity link; and

(d) the time-frame with in which this economic exchange of power would lead to recovery of the entire cost of the project?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) The Prime Minister of India dedicated the "East-North Tala Transmission System" to the Nation on 20.06.2007.

(b) With the commissioning of the above transmission system, the capacity of the National Grid (inter-regional power transfer capacity) has been enhanced by 2000 MW. The present aggregate capacity is 14600 MW.
